Joep van Lieshout/Atelier Van Lieshout

Joep van Lieshout: sculptor, visionary, and enfant terrible. At sixteen, Van Lieshout got himself accepted at the Rotterdam Academy of the Arts. After graduating, he rose to fame quickly, with projects that travelled between the world of easy-clean designs and the non-functional area of art: sculpture and installations, buildings and furniture, utopias and dystopias.

In 1995 van Lieshout founded his studio, Atelier Van Lieshout; ever since, he has been working under the name of the studio to undermine the myth of the artistic genius. Over the past two decades, Atelier Van Lieshout has produced a veritable cornucopia of works which straddle art, design and architecture. What these works have in common are a number of recurring themes, motives and obsessions: systems, power, autarky, life, sex, death. The human individual in the face of a greater whole. With this body of work, he has exhibited at museums and galleries worldwide.

Atelier Van Lieshout's is represented worldwide by the following galleries:

Almine Rech Gallery, Brussels, Paris, London, New York
Jousse Entreprise, Paris
carpenters workshop gallery, Paris, London, New York
König Galerie, Berlin
Galerie Krinzinger, Vienna
Gio Marconi, Milan
OMR Gallery, Mexico City
